Flake Colour Chart

COLOURED ACRYLIC PAINT FLAKES FOR SEAMLESS FLOORING AND WALL SYSTEMS

Application Areas

Paint flakes creates the looks of terrazzo le, durable elegant, economical and easy to clean, it is very popular with home owners transforming their garages into well organised workshops and games rooms.

Paint flake flooring is extremely durable and has a long lasting floor surface. The polymers used give abrasion and impact resistance and when used with high performance urethane as top coats form an extremely durable and long lasting floor surface.

Due to the printing processes involved in producing this colour chart, variances may occur between colours shown here and actual flake colours.
